- d) In their function as indirect shareholders, the Notifying Parties do currently not seek any significant change in the capital structure of the issuer, in particular with regard to the ratio of equity and debt financing and the dividend policy.

2) Origin of the funds used for the acquisition:

The acquisition of voting rights is based on an indirect transfer of the interest in MAN SE by transferring the shares in TRATON SE within the Volkswagen Group. The Notifying Parties have not used any equity or borrowed funds to finance the acquisition of voting rights.”
