

Dr. Uwe Lauber appointed as new member of Executive Board at MAN Diesel & Turbo SE – Dr. Stephan Timmermann leaves the company

Augsburg, 10/01/2014

Dr. Uwe Lauber (47) has been appointed to the Executive Board of MAN Diesel & Turbo SE effective as of 1 October 2014. Dr. Lauber has worked successfully in various management positions within the company since 2000.

In his new role he will lead the entire sales and after sales activities of the company from Augsburg. The product portfolio of MAN Diesel & Turbo includes marine propulsion systems as well as engine-based power plants and turbomachinery.

“With Dr. Lauber’s appointment to the Executive Board, we anticipate further expansion of worldwide sales across the entire product portfolio of the company,” said Dr. Georg Pachta-Reyhofen, Chairman of the Supervisory Board of MAN Diesel & Turbo and CEO of MAN SE.

Dr. Lauber succeeds Dr. Stephan Timmermann, who was responsible within the Executive Board for Marine Systems and After Sales. After 10 successful years, Dr. Timmermann is leaving the Executive Board of MAN Diesel & Turbo SE by mutual agreement as of 30 September 2014.

“We are grateful to Dr Timmermann for everything that he has done for MAN Diesel & Turbo. In particular, the expansion of the worldwide marine business and the establishment of PrimeServ as an internationally recognized premium after sales brand are the result of his efforts. We wish him all the best and every success for the future,” said Dr. Georg Pachta-Reyhofen.

About MAN Diesel & Turbo

MAN Diesel & Turbo SE, based in Augsburg, Germany, is the world’s leading provider of large-bore diesel engines and turbomachinery for marine and stationary applications. It designs two-stroke and four-stroke engines that are manufactured both by the company and by its licensees. The engines have power outputs ranging from 450 kW to 87 MW. MAN Diesel & Turbo also designs and manufactures gas turbines of up to 50 MW, steam turbines of up to 150 MW and compressors with volume flows of up to 1.5 million m³/h and pressures of up to 1,000 bar. The product range is rounded off by turbochargers, propellers, gas engines and chemical reactors. MAN Diesel & Turbo’s range of goods includes complete marine propulsion systems, turbomachinery units for the oil & gas as well as the process industries and complete power plant solutions. Customers receive worldwide after-sales services marketed under the MAN PrimeServ brand. The company employs around 14,500 staff at more than 100 international sites, primarily in Germany, Denmark, France, Switzerland, the Czech Republic, India and China. MAN Diesel & Turbo is a company in the Power Engineering business area of MAN SE.
