The trucks will be the tried-and-tested MAN TGM 18.290 with 4x4 all-wheel drive, leaf-spring suspension on the front and rear axle, crew cab and a wheelbase of 4,200 mm. The platform body/tarpaulin body is equipped with a liftgate and will be provided by Freytag Karosseriebau GmbH & Co. KG. MAN is the general contractor for the entire procurement project of the BMI.

Holger Mandel, Chairman of MAN Truck & Bus Deutschland Management Board: "We take this major order as a sign that the BMI has real faith in us. This is yet another milestone in a wonderful, long-established business relationship and it motivates and drives us to make customer orientation a top priority in vehicle development and service going into the future."

MAN trucks are no stranger to the THW (German Federal Agency for Technical Relief): They have been in use, in one form or another, for many years.

MAN Truck & Bus is one of Europe's leading commercial vehicle manufacturers and transport solution providers, with an annual revenue of some 10 billion euros (2017). The company's product portfolio includes vans, trucks, buses/coaches and diesel and gas engines along with services related to passenger and cargo transport. MAN Truck & Bus is a company of Volkswagen Truck & Bus GmbH and employs more than 36,000 people worldwide.

MAN Truck & Bus Deutschland GmbH – subsidiary of MAN Truck & Bus AG – distributed 32,477 new and used trucks, buses/coaches and vans in Germany in 2017. It has over 350 service locations with its own service outlets and service partners. Some 4,600 employees generated revenue of around 2.9 billion euros in 2017.
